

Dear Participants

Re: Race Information For All Run For Light 2023 On-Site Participants

Greetings from Ideas Room Consulting!

Thank you for your support to the 8th edition of Run For Light 2023 – *Your Heart Matters* scheduled on 18 Mar, Saturday at Punggol Waterway Park. Have you been training well? Just do your own race will do, walk or run it does not matter as long as you complete the distance. Yay!

We would like to inform all that we have already despatched out your race kits comprising your race bibs, among others via courier service. If you still have not received yours in the coming days leading up to the event day, please email to info@ideas-room.com for assistance. Alternatively, you may proceed to information booth at Town Square on event day for assistance. We wish to also inform that those who have purchased the limited edition black tees during your sign up will receive their tees in the second half of April via courier service as per indicated on our website.

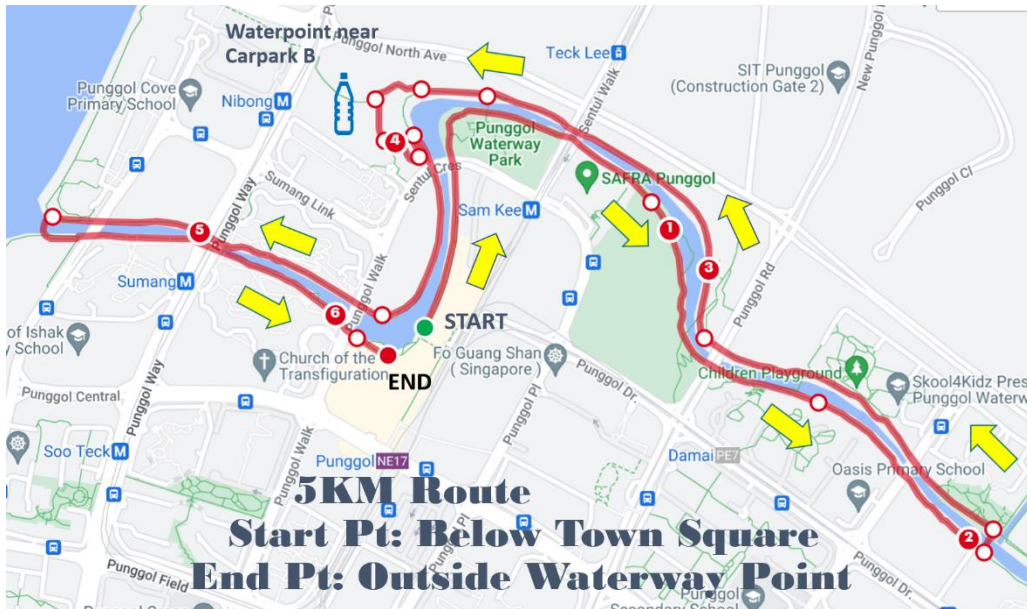

To have a good understanding heading to the race site, please take a little moment to read through the race information provided below. The **START** is at the foot of Town Square which is also the event's race village and **FINISH** is just outside Waterway. Access to the **START line** is via the staircases at Town Square. Please arrive at least half an hour before your flag-off category. Remember to display your race bibs in front for ease of identification by our officials during the run and do not dispose off the bibs right away after the run. The bibs are needed for verification if some of you are picked as winners in our lucky draw. Do stay back at the race village to enjoy the program lined for you. There is prize presentation to podium winners too.

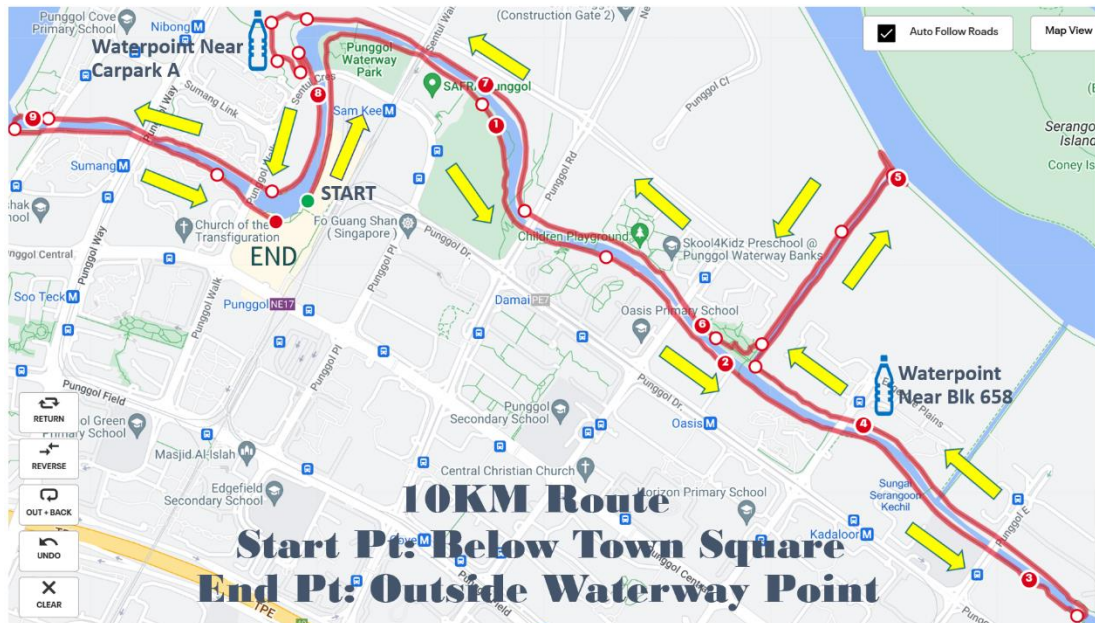

For latest update, please visit www.runforlight.com

See all of you on race day.
